

Recycling Information

Recognizing the importance of environmental protection and assigning itself the responsibility of protecting the global environment, BenQ has endeavored, and will steadily continue to endeavor, to construct recycling systems around the world so as to collect and recycle the used monitors from our customers. Therefore, we would sincerely appreciate your support in properly recycling or disposing of your monitor at the end of its life cycle.

This recycling information guide provides you the information on our service centers. Please see the following list to contact the center in your area, and our service centers will assist you in managing your used monitors.

To gain the up-to-date recycling information, please visit the following website:
